WAYNESVILLE'S LIVERY STABLE

by VAN BEYDLER

With today's businessman traveling long distances in our own cars it makes travel of the past seem ancient. The days of the stagecoach came to Waynesville during the late 1800's and the Livery Stable was still in operation even past the turn of the century. The Waynesville Livery Barn took out an advertise-

ment in the August 1, 1902 issue of the Pulaski County Democrat showing that they gave special attention to traveling men. The Waynesville Livery Barn featured first class rigs, good saddle horses and careful drivers. The livery barn operated a hack line to Crocker twice daily leaving

Waynesville at 8 a.m. and 2 p.m., allowing the travelers to make close connection with trains at Crocker. Rigs left Crocker at 8 a.m. and 3 p.m. to accomodate returning travelers.

The Waynesville Livery Barn operated a first class blacksmith shop in connection with the stable.
